TRY TO FIT IT UNDER
MY TREE...

MERRY CHRISTMAS FROM LEGO CITY!

It's Christmas time in LEGO CITY, but there's still plenty of work to do. But when the work involves bringing presents and good cheer to everyone you meet, it feels more like fun! Can you help? Find all the presents in red wrapping paper hidden in this picture!

NO NO NO?
USUALLY, I PICK THINGS UP
- BUT TODAY I GET TO GIVE
TO ALL MY FRIENDS!

WE'VE BEEN SO
BUSY! EVERYONE NEEDS
PETROL SO THEY CAN HEAD
OUT ON THEIR HOLIDAY
TRIP!

The new MX-41 Switch Fighter is on the hunt for Martian energy crystals...but the aliens are hunting it, too. Good thing the Switch Fighter can quickly convert from land recon mode to air attack mode to battle on multiple terrains!

WORD SEARCH PUZZLE

Look for the words in the word search puzzle below on the Martian jumble? Hint: They can be hidden horizontally, vertically, backwards, or diagonally!

INSIDE THE EAGLE COMMAND BASE!

We thought we were ready for anything when we arrived on Mars – rockslides, dust storms, earthquakes and more. What we didn't expect was a group of nasty aliens out to steal our power crystals and drive us off the planet. Good thing we've got the hi-tech MB-01 Eagle Command Base to back us up!

"WE HAD TO BUILD THIS CRYSTAL-POWERED MISSILE LAUNCHER FAST WHEN THE ALIENS ATTACKED. A POWERFUL BLAST OF AIR IS ALL IT TAKES TO SEND ITS ROCKETS FLYING THROUGH THE MARTIAN ATMOSPHERE. WE'RE ALL GLAD TO HAVE IT WHEN THAT ALIEN MOTHERSHIP COMES AROUND!"

"WE USED TO USE THESE RAPID-TRANSPORT TUBES TO CARRY MINERAL SAMPLES FROM OUR VEHICLES TO THE LAB. NOW WE'VE RECONFIGURED THEM TO TRANSPORT CAPTURED ALIENS TO CRYO-STASIS TANKS."

LEGO MARS MISSION

A detailed LEGO Star Wars Resistance Home Base set is shown in a dynamic pose, appearing to launch from a rocky, orange-brown planet surface. The central structure is a tall, orange and black rocket-like tower with multiple levels and details. To the left, a white and black service platform with a yellow ramp is visible. A small white shuttle with a black cockpit is flying near the top left. The background is a dark space with a large, glowing orange planet and a smaller, cratered moon. A speech bubble from a character in a white and black suit is in the top left. Another speech bubble from a character in a white and black suit is in the center. A list of features labeled A through E is on the right side.

"THIS HANDY JET-PACK STORES INSIDE THE SHUTTLE AND HELPS US MAKE REPAIRS TO THE OUTSIDE OF THE BASE. IT'S ALSO PRETTY FUN TO JUST FLY AROUND WITH WHEN YOU'VE GOT A FEW HOURS OFF-DUTY."

WHAT'S WHAT?

A "This pump keeps breathable air flowing all through the base. It also powers the transport tube system and launches our defence missiles. We'd be in big trouble without it!"

B "Our communications array helps us keep in touch with all of our mining and exploration vehicles when they're out as important missions. It's also our only way of contacting Earth, so we've got to protect it at any cost."

C "Need to get from the Moon's surface to the top floor in a hurry? Hop on board the lift and hang on tight!"

D "This is our science lab, medical bay, and computer mainframe. Everything in the base is controlled from here. We're hoping to use its equipment to study captured aliens so that we can find out what they want and how to defend ourselves against their powerful technology."

E "With its triple plasma blaster and rear stabilizer vane, this alien attack ship is one of the fastest and meanest in their fleet. And they don't usually attack alone."

"WITH ITS THRUSTER FINES, STORAGE TANKS, ION BLASTERS AND ARMOUR PLATING, THIS IS DEFINITELY THE FASTEST, TOUGHEST ASTRO-SHUTTLE IN THE SOLAR SYSTEM. DON'T LEAVE EARTH WITHOUT IT!"

WAR BENEATH THE WAVES!

The Toa Mahri and Barraki are locked in battle beneath the sea – and now even creatures of the deep ocean have been drawn into the struggle! Who will win this undersea fight, and who will be trapped in the Pit Forever? Match the descriptions of the creatures to the sets shown on this page – answers below! ■

TOA TERRAN CRAWLER

The Barraki attack Mahri Nui with mutant hybrids of Sakai sharks and manta rays. But the Toa are ready with the Toa Terran Crawler, a mix of creature and machine given to them by their ally, Akiro. This living creature gives off natural light and is fitted with a Cordak blaster.

Maximum Submerged Speed: 40 knots (74 km per hour)

Toughness: 60 centimetre thick shell

Passengers: 5 people, one mounted on pistol

Natural Tonic: Glow, antennae

Weapons: Cordak blaster

Twixt. Strange chemicals in the Terran Crawler's system automatically heal it of any damage, and can also be used to repair armour, masks and weapons.

BARRAKI DAIRPORA PATROL

This moribund spider crab is one of many creatures mastered by the Barraki for use in battle. Surprisingly, it prefers to attack by grabbing prey in its terracle, then crushing it with its claws.

BIONICLE

Command the Mahri
in the new online game

Maximum Submerged Speed: 25 knots
(46 km per hour)

Toughness: 40 centimeter thick shell

Passengers: One

Natural Tools: Claws, tentacles,
and/or spikes

Trivia: Only sea creature feared by
the Tohuu Crawlers

TOA UNDERWATER ATTACK

This badly injured singer whale was nursed back to health by the Mahri Nui Matoran and later fitted with weapons for the fight. It is extremely loyal and will leave no danger for the Toa Mahri.

Maximum Submerged Speed: 20 knots
(36 km per hour)

Toughness: 25 centimeter thick
natural armor

Passengers: One

Natural Tools: Singer tail

Weapons: Circular blaster, claw

Trivia: Really brave Matoran sometimes by riding on singer whales... but they rarely fly a more than once.

STAR
WARS™

It's Fisto is under attack by a Trade Federation MTT™ full of battle droids! He was able to send a message to Obi-Wan Kenobi, who used his Jedi Starfighter's hyperdrive booster ring to speed to the scene. If Obi-Wan can spot the special battle droids with blue and red bodies, the Jedi Knights can shut them down and stop the Trade Federation.

Find Obi-Wan by finding 2 red and 2 blue battle droids.

POWER BLASTER ROBOT

LEGO CREATOR BUILDING STEPS!

1 his mighty motorized babbie robot is tough enough to take on anything that stands in its way! Thanks to built-in LEGO Creator Power Functions, it rolls forward and back at your command and attacks with a rotating blaster – all at the press of a button on the remote control. It even has a clamp-claw for grabbing and carrying objects! ■

RETURN OF THE TOA NUVA!

The legendary BIONICLE heroes are back, battling the evil Brotherhood of Makuta For the fate of Karda Nui, the core of the universe. Armed with Midak Skyblasters that shoot spheres of white light, they challenge the Forces of shadow in a fight to the finish!

A Lewa Nuva and Tanma

The Toa Nuva of Air rules on his high-tech jet pack to fly and his Mask of Levitation to help him do complex air maneuvers. Tanma acts as a living source of light energy for Lewa's Skyblaster.

B Pohatu Nuva and Pohatu

The Toa Nuva of Stone uses massive propellers to fly. His Mask of Speed, combined with Pohatu's lightspeed power, makes him the fastest thing in the air!

C Kopaka Nuva and Solek

The Toa Nuva of Ice would rather fight alone, relying on his Mask of X-Ray Vision and ice bayonet. But Solek's power to create objects of solid light may provide the edge that wins a battle!

BIONICLE

PHANTOM

A detailed LEGO Bionicle scene serves as the background. In the upper left, a yellow and black Toa is perched on a rocky ledge. In the center, a large, white, mechanical structure resembling a skull or a mask is visible. In the lower left, an orange and black Toa is shown. In the lower right, a yellow and black Toa is depicted in a dynamic pose, possibly flying or running. The overall theme is a dark, rocky landscape with a large, white, mechanical structure in the center.
